

## Student Placement Request

Boquet Valley Central School District will be offering three options for student placement to begin our school year. It is uncertain if this model will be a short-term solution for a few weeks or months, or if it will be a long-term plan for the entire school year. We are making efforts to be flexible with families, yet still provide a high-quality education to each student. Please review the information in our reopening plan and the guidance from NYSED. Have conversations with your child and your family about what makes the most sense for you, your family, and your child.

Your request is not permanent. You will be able to change your mind. We are asking that on the form below, you indicate your preference to start the school year. For planning purposes, we will be allowing parents to request changes every 5 weeks. If you have a unique situation or a change in your family that would require an adjustment between the 5 week intervals, please contact the building principal to make arrangements for this. You, as the parent or guardian, need to be comfortable with your decision. We will make every effort to work with you during this time.

Please return this form to the appropriate campus by August 15th.
