LAKE VIEW CAMPUS

STEM CHALLENGE

Dear Lake View Parents/Guardians,

We would like to thank you for the effort and flexibility you have demonstrated all year. As we head to the close of a unique school year, I feel it is important to recognize the efforts of all of our stakeholders that have worked so hard to make this year a success. Together we have managed the demands of the state and balanced our approach to learning with efforts to keep our students and families healthy. Collectively we have adjusted and grown our styles of teaching and learning. As a community, we have expanded our skills, knowledge and understanding of what we can accomplish as individuals and as a community. As we ponder our experiences as students, parents and teachers, I would encourage you to examine those areas where you have grown, adjusted and found successes. Our school community has demonstrated the strengths of small town education.

Thank you for all you have done to make our year a success.

Below please find the calendar and schedule for the end of the year. We do have some adjustments to the school days in the last week of school. Please note these adjustments are for the Lake View Campus.
