## TREASURE HUNT!

December 14<sup>st</sup> 2020 – February 14<sup>th</sup> 2021

There are kid-friendly containers, called geocaches, with trinkets in them, hidden outdoors all around the world, including your own area. They are hidden everywhere, just not buried underground.

Some are so small that only a piece of paper will fit in it that you sign (with the treasure hunt/geocaching name you give yourself) and the date you found it to "log" that you found it.

You can sign up for a free account at

<https://www.geocaching.com/guide/default.aspx> and/or download the free geocaching app on your smartphone or GPS-enabled device. Once you have your free account with your geocaching name, you're ready to start hunting for treasure!

Find and log 15 geocaches between December 14<sup>th</sup> and February 14<sup>th</sup> and win a Travel Bug! Find more than 15 geocaches by then and you'll be entered into our championship runoff for more prizes!
