

Boquet Valley Mountain View OASIS (Opportunities and Supports in Schools) Afterschool Program Information

The OASIS Afterschool program at Mountain View will begin on **Monday February 28th** and continue through until the end of the school year. **If you would like your child/children to participate, please complete the “Boquet Valley OASIS Student Registration Google Form” which linked below.** Students can also pick up a hard copy version of the registration outside room 107 at Mountain View. The form will remain open for the rest of the school year if your child would like to participate, but you must submit a completed form before your child begins participating in afterschool programming through OASIS.

The program will run from 2:45pm to 4:45pm on Monday through Thursday on normal school days and is free to all participants. The aims of the afterschool program are to improve academic performance, improve social emotional competencies, and help Boquet Valley students make successful transitions in school and to careers or higher education.

Each day the students will receive a snack and will have the choice to participate in various activities offered by faculty, school staff, and our outside partners including academic help and various enrichment activities. We aim to provide a safe place for students to get help with their schoolwork, participate in engaging activities with their peers, and have an opportunity to try new experiences. We are partnering with Cornell Cooperative Extension of Essex County, College for Every Student, Building Resilience in Essex Families, and other community organizations to provide engaging activities for our students.

A shuttle bus to the Lake View campus will be available to all students when the program is dismissed at 4:45pm.

If you have any questions or would like more information about the OASIS program, please email Program Coordinator Chris Peisch at cpeisch@boquetvalleycsd.org.

We are very excited about the opportunities we will be able to provide through the OASIS program. Thank you for your support and feedback as we get this program underway.
