POSITIVE SOLUTIONS FOR FAMILIES TRAINING SERIES

Positive Solutions for Families is an evidence-based, family friendly workshop of seven sessions to help support and promote positive and effective parenting behaviors. These workshops will provide information for families on promoting children's social emotional skills, understanding their child's challenging behavior, and using positive approaches to help children learn appropriate behavior. The workshops will give participants general information and strategies to use with all children (ages 3-8).

This series is from *Positive Solutions for Families* developed by the Center on the Social and Emotional Foundation for Early Learning (CSEFEL).

Participants are expected to attend all 7 sessions. The Positive Solutions training series is designed for family members, not for professionals in the field.

For **registration assistance**, please contact Dawn Rettig drettig@measinc.com or 518-427-9840 ext. 201
